

## **OUR BASIC STEPS**

Here are the basics that I have seen work the best in setting the people free. Proven time tested techniques that any Christian can learn and do. In the introduction that I do with the people who have come for ministry I tell them they can expect their minister to do these steps:

1. A short interview (on the ministry report) or will cut into ministry time.
2. The breaking of ungodly soul ties with inner healing following each soul tie. (Asking Jesus to hug them as their child, bringing truth about that relationship(s) pointing out any lies so those lies can be pushed away) See page 43 in "Doing the Supernatural Works of Jesus." These steps can also be learned on our website by video starting with step five under "Self Ministry."
3. Now inner healing from birth up. See middle of page 47. If the person was adopted or felt not wanted then go through the womb-see middle of page 46. Otherwise Inner healing from birth up. Usually all that is needed as they lock onto a trauma is to ask them "How does that make you feel?" As they express those feelings many feel them balled up in their stomach or chest area. Tell them they now have a spiritual hand and go inside and get those feelings, then pull them out and hand them up to Jesus. If they don't feel those feelings inside have them put them in their cupped up hands and hand them up to Jesus.
4. Deliverance by working the problem list. See page 49. Be sure and come against those marked with an asterisk. (or the head demon technique can be attempted at this point- page 53. Also see head demon update handout)
- 5.** Put a seal on them.
6. Do the Limb Check commanding adjustments to stay adjusted. Even if their legs and arms are equal take authority over any pressure on the brain stem or C1, C2. Page 64.
7. Administer the Baptism of the Holy Spirit with the speaking in tongues. Page 83. Give them the handout. If they want to receive and you are not comfortable in administering the Holy Spirit find someone who will.
8. Fill out the ministry report for Richard. Be sure and mark the "yes' or no's on the form. Also your name as the minister on the form. Get the number off the blue card and call the person within the week.

The Lord is proud of you doing His ministry commands.
