

Declaration for Bipolar Disorder

- We speak to any structural brain abnormalities that have been passed down through the generations and command healing in Jesus Name.
- We command healing to any changes of the linkages or disturbances in make-up or placement of genes.
- We command restoration of any gene that has mutated to the structure as You planned for it to be from the foundation of the earth. We command healing and restoration to any mutated gene whether it was passed down in a mutated state or has suffered mutation from any other reason, whether it be from the effects of drugs or manic or depressive episodes.
- We bind and break the power of any generational curse or sin that caused the mutation of a gene or genes that have been passed down.
- We partner with the Holy Spirit and Holy Angels, as we command any genes that are not lined up as they should be on the chromosomes to properly align In Jesus Name. We agree and command alignment in Jesus Name.
- We command healing to any changes in these genes or how they attach to the chromosomes and heal the expression of the way the proteins are expressed within the genes.
- We speak healing and restoration to each base pair to its intended function.
- Come Holy Spirit and Holy Angels as we command healing in Jesus' Name to the electrical firing system of the components of the brain whether to slow down the excessive firing or fill in the skips and restore it to the way God intended before the foundation of the earth.
