

# Declaration Prayer for Schizophrenia

- In Jesus' Name we command healing to any structural brain abnormalities that may have been passed down through the generations or caused by a virus.
- Come Holy Spirit, Healing Angels, and now, in Jesus' Name I command the healing any change or disturbance where the gene and chromosome are linked together, or the wrong placement of the gene, which may have been caused by a retrovirus.
- We speak restoration to any gene that has mutated back to the structure that He planned for it to be from the foundation of the earth. We command healing and restoration to any mutated gene whether it was passed down in a mutated state or has suffered mutation from a virus or any other reason.
- Cleanse the blood. We command the person's blood to line up with the blood of Jesus that heals and restores the DNA. Pray for the cleansing of the blood cells within the individual.
- We repent for and break any generational curse or sin that caused the mutation of the gene or genes that have been passed down.
- Come Holy Spirit, Healing Angels as we command all genes to properly align as they should be on the chromosomes.
- We command healing and alignment for Chromosome 22Q11 and any genes that are attached to that chromosome will be healed and properly aligned.
- We speak to the specific genes PRODH2 and COMT. We command that any changes or deletions in the makeup of their protein that causes an inborn error of metabolism that would cause schizophrenia be healed and restored to what God intended for it to be.
- We command any enzyme that is associated with, produced by, or controlled by PRODH2 or COMT to be balanced and brought into alignment with His original plan.
- We command in Jesus' Name any deletions of abnormalities or lack of COMT that may be caused by a gene mutation to be healed. As needed, we command healing and a creative miracle to recreate, adjust, and/or restore this gene. We declare that whether it is passed down in a mutated state or if it suffered mutation from any chemical, that it is healed or recreated. We command healing to any viral alterations or inherited generational disturbances in its makeup within this person.
- We command the healing of any changes in these genes or how they attach to the chromosome.

- We command the healing of chromosomes 2, 10 and 22. Healing, flow to any translocations especially involving chromosomes 10T11-15 to 22Q12 in the DNA structure of the individual.
- We command the healing and restoration of each base pair to its intended function.
- We command (speak) healing to the neurotransmitters, receptors and synapse.
- We command balance of the amount of dopamine and serotonin to create levels that would bring normal healthy and healed function.
- We speak to the brain chemicals to allow the Godly communication between each brain cell to receive and retrieve information normally. We release total healing of the synapse, axion and synaptic fluid would be balanced to act and react according to God's original plan for them to function.
- We command healing to the cortical structure in the midsection of the brain's lobes.
- Holy Spirit, Healing Angels, partner with us as we command healing of the pre-frontal cortex and lobular areas.
- Healing now of the pre-frontal cortex and lobular areas.
- We command the synchronization of the neurotransmitters that are producing norepinephrine, dopamine and serotonin, regulating them to interact in a way that will cause healing and health.
- We command removal of any pathway and brain wiring that is looped and destructive.
- We command Your healing power now and creation as well as redesign any and all pathways in the brain that need Your healing touch.
