

Vietnam Veterans and Other Service Related Curses:

From Supernatural Freedom from the Captivity of Trauma by Mike Hutchings

The following information pertains to all veterans as well as their family lines. If you, your father, or an ancestor fought or trained for any war, or were overseas in any military capacity, it is strongly suggested that you pray the following prayers for your entire family line. Curses were put on Vietnam Veterans by Buddhist priests, which include

- Poverty
- Anger
- Wandering
- Never finding rest
- Vagabond
- Rejection
- Binding of the minds
- Chronic illness
- Lack of normal family (marriage) life
- Accident prone
- Untimely death

These curses need to be broken, and after breaking the Buddhist curses, you will be able to receive complete deliverance. (Many Veterans also have the spirit of drugs and addiction from the drugs that were given to them during their tours. Also a spirit of illegitimacy may be present from womanizing the foreign women and having illegitimate children, therefore we will follow this prayer with prayers to break addictions and the curse of illegitimacy.)

Begin to pray in this way:

I renounce and forsake all involvement in Buddhism or any other mystic eastern religion that forsakes the God of the Bible and His Son Jesus Christ as King of kings and Lord of lords.

Father on behalf of myself, my family, and my ancestors, I ask forgiveness for and renounce all idol worship and witchcraft participation in any capacity, and especially during my tour or my ancestors tours in the armed services.

I forgive all people in the foreign lands for witchcraft and curses against Americans, me and my relatives; for deep hidden anger, bitterness, resentment, and hatred of Americans; for cursing our land and people, me and my family; and for worship of demons. I forgive the Americans that mistreated, murdered, or otherwise treated people in the foreign lands unrighteously. I repent for any involvement I have had with any of these unrighteous acts myself. I also ask you Heavenly Father to forgive me for these sins and to separate and cut me off from them and their effects.

I renounce the feelings and spirits of rejection. I break all agreement with the enemy and his lying spirit. I repent for believing the lie that I did not or do not belong in America. I am an American and my home is in America. I receive back my citizenship in my heart and my belonging.

I break off the wondering and vagabond spirits. I break off the restless spirit and I speak peace to myself and my family, "Shalom".

I break off the spirit of death and murder from me and my family. I speak life to myself and my family. The Lord says, "LIVE!!!"

I forgive those who were my enemy in battle. I forgive anyone in Vietnam or in the military who hurt me or my family. I forgive those that instructed me to do illegal or immoral acts and I also forgive my superiors that did not protect me as they should have done.

I forgive the American Government and anyone who hurt me by their words before I went in the service or after I returned. I forgive all those associated with my military service where I took offence against them, specifically because of their rejection of me.

I break every dedication, death, and destruction curse, any curses of any kind, every bondage, or any work of the enemy off my life, family and bloodline in Jesus' name. I command any satanic spirits to take your influence, oppression, and what you have sown, and go with it from me, my family, my household, my bloodline, my descendants, and my ministry in Jesus' name. I demand that you make restitution by repairing all damage you have caused me and my family and restore sevenfold what you have stolen from us in the name of Jesus... Thank you, Jesus, my Lord and Savior for restoring me and my family.
