

HEAD DEMON TECHNIQUE SHORT CUT

While the head demon technique will work as described in my book, I have started using a short cut that I want to pass on to you:

Instead of having the head demon disclose all the main leaders or department heads and how many demons in each group, I finally realized one of the main reasons for doing the head demon technique is to find out if there are any remaining legal rights or satanic assignments that have not been cancelled with the head demon and with the demons under its authority.

I like to at least confirm this with the head demon about the top three on the list and any infirmity spirits. I often also look at the problem list and check some of the main problems with the head demon.

Remember this, when the demon tells you something ask the question, "Will you confess what you just told me to be true before the Lord Jesus and the Holy Spirit?"

Finally, go ahead and find out the top ten lies and also the God Given gifts as set out in my book.

At the end have the head demon bind all the demons under its authority up and to renounce their position and assignment with the person. (Also in the book) Then at the count of three I send them all to the feet of Jesus.

Example case:

A lady flew in from out of state for Monday evening ministry. As I ministered to her, the head demon was exposed, named "Destroy." It could see the angels and pointed out the one that looked the meanest. Of course, I assigned that angel to punish it as necessary. Destroy admitted it was

sorry it followed Lucifer. Once I confirmed there were no legal rights or satanic assignments outstanding, I commanded it to tell me the top 10 lies and her gifts, which I wrote down for her. It said it was responsible for her acid reflex and her hormones being off balance. The interesting thing is that she was in what I call the 10% group because when the demon was up she was not hearing anything that was going on. 90% of the people I deal with the head demon are able to hear the head demon talking through them. 10% cannot hear what the head demon is saying. I had the head demon renounce its position and assignment, as well as the demons under its authority position and assignment. Then, at the count of three I cast Destroy and the demons under its authority to the feet of Jesus. She jerked. Then the real person was up because she was free of demonic control. She said she thought she was sleeping while I was dealing with the head demon. She did not know anything that went on once Destroy came up and began speaking through her. She wondered how it got so late. Two of the team leaders were sitting in with me and got to see this.

She also had one leg an inch short and a short arm...we got to watch them both adjust. She received the Baptism of the Holy Spirit and a good prayer language. I believe she got what she came for!
