How to break down a Pentagram

Pentagrams have many uses in the occult but the shocking reality is that every day Christians have this weapon used against them regularly.

Pentagrams are used primarily to “lock in” or “seal” powers of evil. The uses of the pentagram are many and I will reveal only what Holy Spirit has brought to me in my own experiences of intercession and personal spiritual warfare. The diversity of this primary tool of the enemy, can vary depending on its purpose and/or use or Pagan belief system. Holy Spirit revealed that Pentagrams exist in many places (in the spirit) in almost every area of spiritual difficulty or area of iniquity within my own life and the lives of many others. Pentagrams can be found in diverse places within homes or in unhealed areas of trauma or abuse within the human heart, or anywhere deep iniquity has been committed. The purpose of the pentagram is to use multiple layers of demonic strongholds to maintain its hold in areas of bondage.

Recently, I have been seeking the Lord for an anointing over tormented minds. The word of God speaks of our mind having spirit.

"And be renewed in the spirit of your mind"

(Eph 4:23 KJV)

At the very least, we can say that the human mind is spiritual in its existence. Holy Spirit has revealed the image of the pentagram being placed around the heads of mentally tormented individuals (in the spirit). The human head placed in the center of the pentagon (much as if it's existence around the head was a mockery to the crown of thorns that our savior wore).

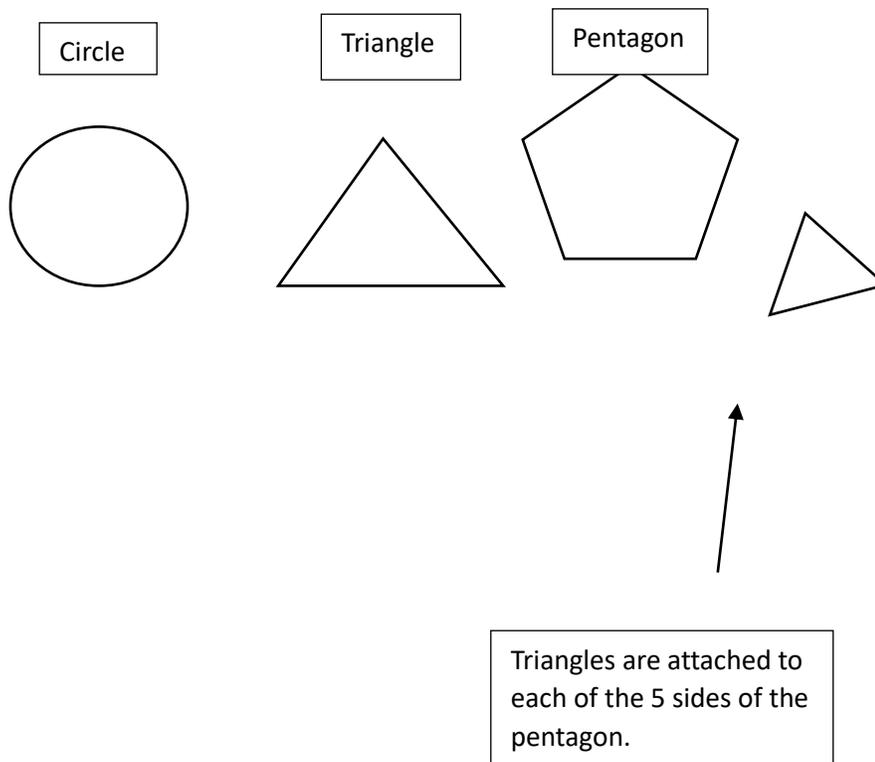

Always let Holy Spirit be the guide in this process. These are only the basics and drawn from my own personal experiences. Spiritual warfare at this level can reveal things that may not be immediately understood or that you have never seen. Trust Holy Spirit in his approach and/or what he reveals no matter how bizarre it may seem.

Below are only some of the Pentagrams uses.

- 1. Ritual activity (Conjuring, sacrificing, dedication, etc.)**
- 2. Opening portals**
- 3. Cursing and binding of curses**
- 4. Time travel**
- 5. Sealing or binding spells or the powers of a ritual to a purpose, place or person.**
- 6. Sealing ancestral iniquity of a bloodline to keep the bloodline in bondage or sealing**

trauma so a person cannot heal. Thus, providing a legal right for a demonic spirit to remain within a person or bloodline.

For purposes of limiting the powers of the pentagram *I will not be displaying the pentagram in its completed form.* I think we all know what the pentagram looks like, but first let's discuss the actual shapes that make up a pentagram and how each is spiritually significant. A pentagram has five points or triangles all stacked around the flat sides of a pentagon. All these shapes are contained in a circle around the pentagram.

How does a pentagram actually work?

Pentagrams are designed to use the center or (Pentagon) as a safe space or place of containment, while the outer triangles are used as forces to protect what is contained inside the pentagon (the shape in the center). I have seen pentagrams in the spirit over areas of people bodies that could not receive healing or places of continual bondage. It seems to act, to some degree as a 'stamp' or signature of Satan. The steps to breaking down a pentagram begin on the circle (or pentacle) formed around the pentagram, as it is the first layer and then systematically break down each triangle, eventually reaching the pentagon where containment is achieved. The structural hierarchy of the pentagram can vary a great deal. However, from my own personal experience, it is most often 'human' with human iniquity on the outer points of the triangles and demonic strongmen in charge of each side of the pentagon within the center: thus, the further inward you go, the greater the forces of evil are present.

Note: Solo practitioners often use different colored candles placed at the 5 points of the

pentagram in lieu of people. White seems to be common color.

Always begin with the binding of the Strongman (Matt 12:29) and pleading the Blood of Jesus as the primary tools of breaking down all parts of the pentagram before you do any other warfare. However, with this level of evil, the binding is required to be in specific, sequential order and must be done in heaven and in earth (if you are an SRA minister this is not a new concept) because there is always a 2nd heaven, higher ranking, demonic force providing power to the demonic spirit, here in the 1st heaven. I remember the first time Holy Spirit had revealed to me that a pentagram had been used against me and he revealed how to go about breaking it down. Each of the perpetrators were covered with black hoods and stood at the outer point of each of the triangles. As Holy Spirit directed me to bind the strongman of each person, they were yanked away, as if there were a rope tied around their waist that was connected to a speeding car or truck. It was powerful to witness.

Circles

The circle is the first layer of the pentagram. Within Wiccan circles it is called the "Sacred Circle". Within this circle is where all

Wiccan/Pagen activity is performed (if it is a group practicing). The circles' purpose is to contain spiritual power and focus it for concentrated effect.

***Note:* Some pentagrams have two dots at the top of the circle. I read somewhere that this was station of the 'overseer' of the pentagram (which can be a person or Satan himself or any other high ranking demonic power). My own personal revelation from Holy Spirit has told me that these two dots, are the dots of the bite of the serpents' fangs. The venom of the serpent is what is used to empower the circle or make it stronger. In this instance you will always need to bind the "Strongman of the circle (pentacle): or "Overseer of the circle".**

Step 1: Bind the strongman of the serpent / overseer of the circle.

"In Jesus name, I bind the Overseer of the circle in Heaven and in Earth. I forbid him to operate against us, I cancel this assignment and break every curse of the overseer of the pentacle (or circle)." I break the power of the serpent's venom by the blood of Jesus.

Step 2: Bind the strongman of the circle itself.

"In Jesus name, I bind the Strongman of the circle in Heaven and in Earth. I forbid him to operate against us, I cancel this assignment and

break every curse of the pentacle. I plead the Blood of Jesus over every curse"

Step 3: Break the power of the circle (pentacle) with the sword of the Holy Spirit.

"In Jesus name, I break the power of the pentacle with the sword of the Holy Spirit and I plead the Blood of Jesus over it".

The next step is to break down each of the five triangles, one at a time.....

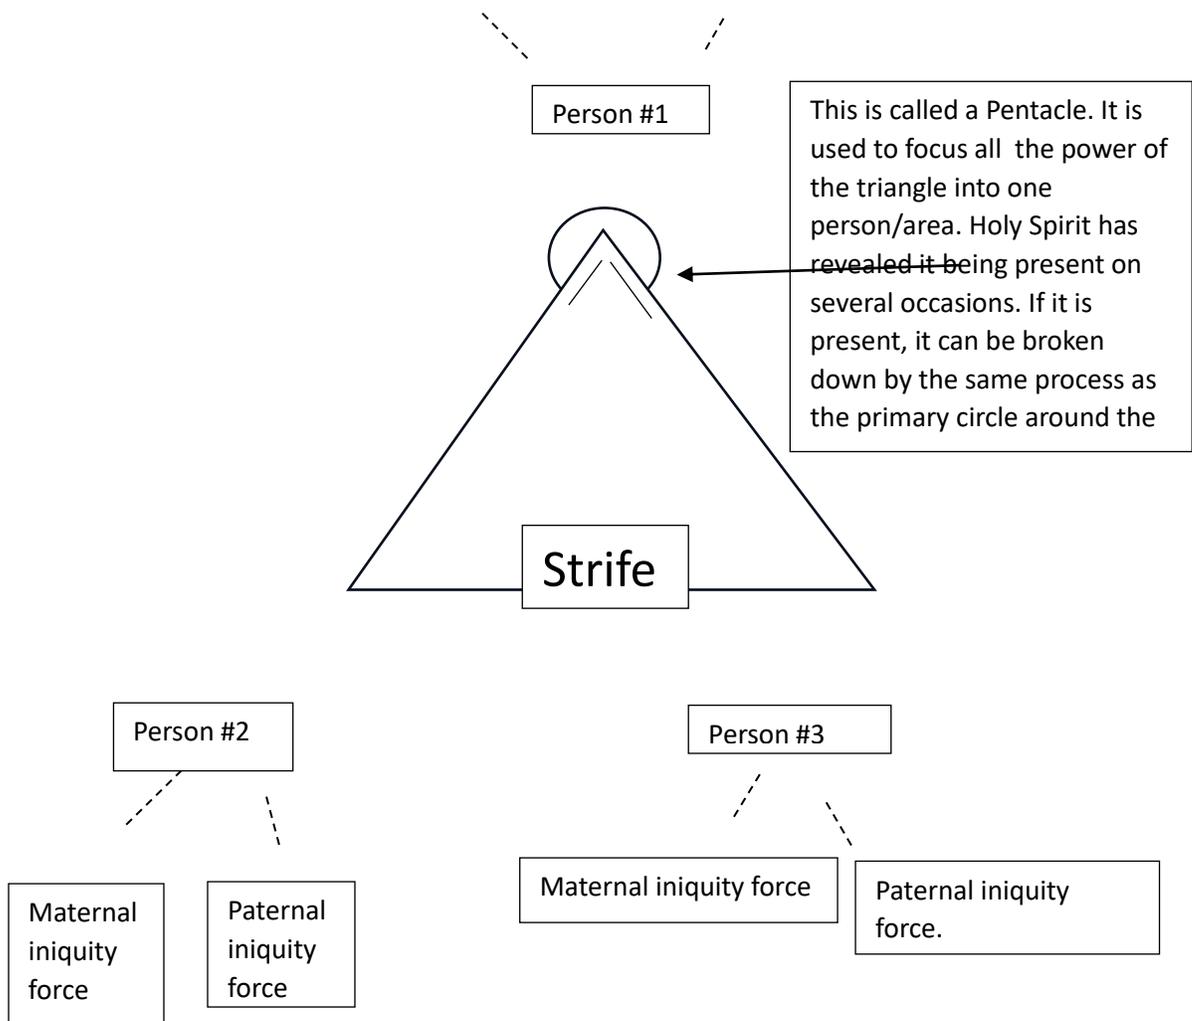

Let's talk about triangles

The enemy uses triangles often as a method to compound and focus the power of iniquity.

Triangles can be viewed as the source of bondage above soul ties. Triangles exist between three people and exist *even when not used in a specific pentagram*. Note how the enemy uses the number 3 as a mockery to the Trinity of God. Let me provide an example with an illustration of a simple triangle structure used with a spirit of strife at work between three people.

Iniquity force of **PATERNAL**
bloodline

Iniquity force of **MATERNAL**
bloodline

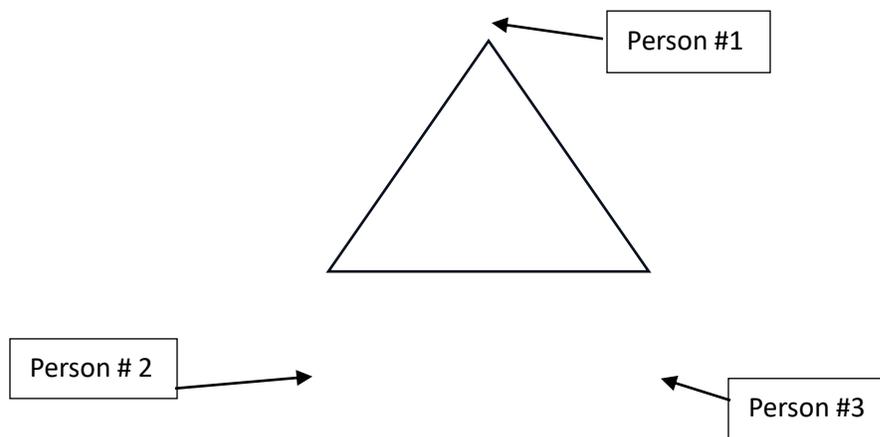

Dismantling each of the triangles is an important step in breaking down the pentagram after you have bound the strongman of the pentagram and broken down the pentacle (circle) around it. In the same way that the Pentagon (in the center of the pentagram) is a containment system, so too, is the structure of the triangle when discovering it outside of breaking a pentagram. You don't always need to know what is in the middle of the triangle, unless Holy Spirit reveals that he wants it specifically dealt with.

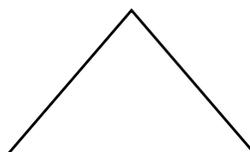

Step 1: Bind the strongman of each of the points (these can be people or spirits). There is always one who is the keeper of the triangle, this would be the (person or spirit) at the circle's location or peak.

Note: When breaking down a triangle it is important to know all three of the people/spirits involved.....However, when in the process of breaking down the pentagram itself, Holy Spirit has not given me strong emphasis on the lower entities of the triangle, only the one on the peak was significant. Perhaps it's because the lower parts of the triangle are connected to the pentagon when used in the pentagram application. God knows.

Example: When breaking a *triangle* all three points of the triangle were relevant

When breaking the triangle, when used in a Pentagram, only the top area of the triangle was relevant.

Step 2: Bind the strong men (in heaven and earth) of the maternal and paternal iniquity forces coming into each point/person of the triangle and forbid them to operate. This has a profound effect on the power of the triangle.

Step 3: Break the triangle with the sword of the Holy Spirit, and plead the blood of Jesus over it, and do any other warfare Holy Spirit leads you to break.

Breaking down the Pentagon

A pentagon has 5 sides. There is a demonic strongman appointed for each of the five sides. These can be anything that is in groups of five and have a common spiritual purpose or connection. For example: I was breaking a pentagram today over my bloodline iniquity. The bloodline iniquity was "trapped" or contained within the pentagon. Our family iniquity was

'legalism'. So, the strongmen of the Pentagon were the first five books of the Bible, because they contain the "Law" of God. It's up to you to discern and listen to Holy Spirit about what or who these strongmen are. If you spend some time in prayer over the revelation required before this process, Holy Spirit will reveal it to you in its fullness. Sometimes you can bind them by naming the strongman of the # of the side. For example, assign a # to all of the sides and bind the strongman of that side. Ask Holy Spirit if this is sufficient and he will guide. Here are some examples of things that come in 5's.

5 fingers

5 toes

5 senses (this is a big one and used often)

5 lines of music staff

5 pillars of Islam

5 rings of Olympic games

5 books of the law: (Genesis, Exodus, Leviticus, Deuteronomy, Numbers).

5 commandments on each tablet of stone, of the 10 commandments

5 gifts. (Apostle, Prophet, Evangelist, Pastor, Teacher)

5 books by John the Apostle (Gospel of John, John I, John II, John III, Revelation.)

Gods tabernacle: 5 curtains, 5 bars, 5 pillars and sockets. Etc.

I think this clearly illustrates that the number 5 is a holy number and is used by the enemy to pervert the blessings and purposes of God.

In some second heaven warfare cases, I have found that the five triangles of the pentagram were folded over the pentagon and each of the five triangles represented a different spiritual realm and the iniquity force of the triangle (or realm) was used to re-enforce or cover the pentagon (almost as a wrapper or shield). I remember I could look into each of the triangles as they were unfolded and discerned each realm had a very different type of bondage. To be certain, things can get pretty strange when dealing with second heaven warfare.

Steps to break down the pentagon

Step 1: Bind each of the Strongmen (of the five sides).

Step 2: Break the Pentagon with the sword of the Holy Spirit and plead the Blood of Jesus over it.

Step 3: If whatever is being held is evil, command it out.

Step 4: If what is there is of God, speak healing, renewal and the Power of the Holy Spirit to it until it is strong enough to depart the pentagon. Sometimes it's not always easy to tell. In these cases, just invite Holy Spirit there. He always sorts it out.

Step 5: Dedicate that area of previous bondage to Jesus so the enemy cannot have power over it.

Inner healing

Often, after breaking down a pentagram, you will see a large hole in the ground (in the spirit). This is a portal that was opened by the enemy, from which the pentagram was drawing power and must be closed. Ask the guidance of Holy Spirit on this matter.

Going deeper

This aggressive form of ministry requires boldness and courage against the enemy that few possess. Thus far, the levels of freedom that I have obtained by breaking the pentagram, have been some of the deepest levels of spiritual freedom I have experienced. It is my prayer that this paper will go forward to bless the body of Christ eternally.
